The idea of using nuclear power as a form of energy grew out of weapons research before and during World War II(1939-1945). Nuclear power was first used to make electricity on December 20 , 1951. By the 1960s ,nuclear energy was becoming cheap to produce , and companies were building plenty of plants. However , in the 1970s , there were concerns about the possibilities of nuclear **disasters** and environmental problems. Then , those concerns came true with tragedy at Chernobyl and near disaster at Three Mile Island.

Today , supporters of nuclear energy say it is a necessary source of power. This is especially true in countries like Japan , which depends on nuclear energy for about 35% of **its** power. Clearly , taking away that source of energy could badly hurt the economy. Also , while minor accidents sometimes happen at nuclear plants , most are contained without deaths or serious injuries.

72. The main idea of this passage is about

- a)weapons research before and during World War II
- b)history of using nuclear power ✓
- c)possibilities of nuclear disasters
- d)depending on nuclear energy

73. We can say from the passage that

- a)The writer is in favor of nuclear energy
- b>About one- third of the world power is produced by nuclear plants
- c)nuclear plants are very harmful to people’s health and the environment
- d)the growing number of accidents at nuclear plants has caused a lot of concerns

74. We can guess from the context that word “disaster”(in line 4) means

- a)Sudden changes
- b) bad events
- c) natural effects
- d) low conditions

75. It implies in the passage that

- a) Japan has the most nuclear plants
- b) the first nuclear plants was made during World War II
- c) producing nuclear energy was not economical before 1960
- d) nuclear energy is more economical than any other source of energy

76 . In line2 paragraph 2 , “it’s” refers to

- a) today
- b) source of power
- c) Japan
- d) nuclear energy

One way to figure out the meaning of an unknown word is to look for its relationship with other words in the same family. Even if you cannot figure out the exact meaning, your understanding can be enough to allow you to read on. For example, in this sentence: “We provide you with some helpful information on how to use a dictionary more effectively”. You can get an idea of the meaning of the word effectively by recognizing that it is related to the word effect. In this technique which is also known as **word attack**, looking for word parts can help you read and understand the meaning of complicated words. When you recognize prefixes and suffixes and know what they mean, it will help you work out the meaning of many words you read.

77.How .. will word attack help you work out the meaning of many words you read?
